Policy Statement 30/09/2012

Our site behaviour code demonstrates a commitment to staff, children and families working together in a safe, respectful learning environment free from harassment and bullying. Documenting guidelines regarding behaviour and guidance for children, families and staff help ensure that children, families and staff have a safe environment, and consistency and clarity around acceptable behaviour and guidance measures that will be implemented.

As a staff team we believe:

- All children have the right to feel secure and to learn and develop in a psychologically and physically safe environment
- Children have a right to express their feelings and to be supported to develop positive behaviours that underpin the development of relationships with peers and adults
- Effective communication and learning occurs when families and educators work together to develop common goals for a child’s wellbeing, learning and development.
- That the consideration of children’s individual and contextual needs are crucial to successful learning and the development of positive behaviours
- That family consultation is valued and their individual perspectives respected
- Children have the right to be supported by educators who model appropriate behaviours and ensure consistent limits are set
- No child should be made to feel rejected, insecure, embarrassed or ashamed

The staff team will promote positive behaviour and interactions by:

- Planning for and providing an environment that promotes a sense of belonging, being and becoming and provides enhanced opportunities for learning through play
- Ensuring that limits set are reasonable and understood by all children and adults
- Providing an enriching and engaging program that enables each child to experience success, a sense of well being and gives opportunities to express feelings through sensory and other forms of play
- Using positive verbal and non verbal guidance
- Demonstrating empathy and sensitivity to each child being mindful of the variety of factors that influence behaviour
- Planning enabling opportunities for the development of skills including resilience, agency, entry and exit skills when playing, appropriate risk taking, conflict resolution, independence, leadership, respect for others and communication.
- Interacting positively, using positive language and acknowledging and modeling respectful behaviour
- Valuing children as individuals within their family and cultural context
- Involving children in goal setting, developing group norms and the development of behavioural expectations and consequences
- Intentional teaching of appropriate behaviours and play skills, building on each child’s strengths and achievements and providing choices when possible
- Encouraging open two way communication with families to ensure that each child’s rights are met
- Familiararity with Staff induction folder including the Behaviour Guidance Code Appendix
Staff work together to:

- reinforce appropriate play and social skills
- notice the ‘quiet’ achievers
- remind children about kindergarten routines
- state the positives rather than ‘no’
- prepare children for change
  - ie. reminders about events and approaching pack up and group times
- empower children and support conflict resolution ie “stop I don’t like…, “Can I have a
  turn?”
- intervene and calm difficulties ie. ‘stop and sit’ with an adult
- talk about issues, feelings and problem solving
- redirect children with new options for play – inside/outside/new groups
- distract/talk/participate and support play
- intervene early to prevent behaviour escalating
- use logical consequences ie. ball over fence and it remains there
- provide activity choices
- assist with entry into new play
- reinforce child choices, entering or returning to play
- move close to child, use eye contact and quiet talking
- set up additional activities/games
- discuss difficulties at staff meeting and with Director
  - support children with Individual Learning Plans

Staff work together to avoid:

- interruptions to group times and group play
- power struggles and rigid rules
- calling and directing behaviour across groups of children
- lifting/restraining children

The staff team will respond to challenging behaviours by:

- Reminding children of expectations and limits and the reasons for these
- Supporting children to problem solve, negotiate, find resolutions and manage emotions
  appropriately
- Using Restorative Justice practices that support children to empathise with others and
  restore relationships
- Communicating with and involving families at the earliest opportunity to work together
  positively to assist the child’s well being and learning
- Assessing individual children’s learning and development and reflecting on and reviewing
  our planned program and how the active learning environment supports positive
  behaviours
- Planning, implementing, monitoring and reviewing individual behaviour plans in
  partnership with families and support services
- Being aware of our limitations and seeking assistance when required
- Withdrawing children when they are at risk of hurting themselves or others and ensuring
  that staff are available for support
